A QUARTERLY NEWSLETTER FOR OUR VALUABLE CUSTOMERS
SPRING 2023

EASYPAY BUDGET PLAN

During the summer, it's easy to forget about the added expense of the home heating you rely on in winter. That's why the team at Albert Culver Company came up with our EasyPay Budget Plan.

HERE'S HOW IT WORKS:

We estimate your total annual heating bill and divide your payments equally into 12 monthly payments. This makes your heating oil bills more predictable and convenient when winter rears its head again.

PAY ONLINE

We know our customers have busy lives, and we want to make paying for your home comfort services as easy and convenient as possible. To that end, we're happy to provide you with a simple and secure way to pay your bill online. All you have to do to get started is visit our website, navigate to our online payment portal, and enter your account number and the amount you would like to pay. Rest assured knowing that our secure online payment system is encrypted to protect your personal information.

The best part? You can pay your bill whenever and wherever you'd like, 24/7! If you have questions about online bill pay with Albert Culver Company, please feel free to give us a call at (781) 878-5050.

SERVICE PLANS

It's tough to beat the peace of mind that comes with an Albert Culver Company service plan. We offer a variety of plans to keep your oil heating equipment maintained while taking advantage of predictable costs. Our heating equipment coverage options include parts and services that will help keep your oil-fired heating system safe, efficient, and affordable to operate.

Ready to sign up for an Albert Culver Company service plan?

Contact us today by calling (781) 878-5050 or visiting our website.

Dear Valued Customer,

Thank you for allowing the dedicated team at Albert Culver Company to serve you for another heating season. We greatly appreciate the opportunity to provide you with the top-quality fuel delivery and HVAC service you've come to know and love. The weather is warming up and spring is finally here, so this addition of our newsletter is focused on upgrades for your home.

This is the ideal time of year to upgrade your older heating system to a new high-efficiency model. We are pleased to specialize in installing the Energy Kinetics® System 2000®, an advanced solution for oil heating that we strongly endorse for its extremely quiet operation, low emissions, and highly efficient configuration. If cooling is on your mind, we're also your go-to company for a new ductless mini-split A/C installation, including the latest in quiet, compact models.

To that end, we're offering you an exciting deal: use the coupon in this newsletter to save 5% off all new heating equipment and mini-split air conditioning systems this spring, up to \$500.00. To take advantage of this special discount, all you have to do is call and plan your installation with us by July 1st, 2023. We can't wait to hear from you!

Lastly, don't forget that our new website gives you the ability to pay your bill online. You can also order oil, request service, or learn more about our service plans. And if you have any questions, we're always just a phone call away. The Albert Culver Company team's looking forward to the coming cooling and heating seasons and continuing to serve you.

Sincerely,

The Spence Family

UPGRADE YOUR HEATING EQUIPMENT THIS SPRING TO ENJOY HIGH EFFICIENCY & PEACE OF MIND

Our customers know it's important to have heating equipment that is reliable and operates at peak efficiency. While upgrading your heating system might not be at the forefront of your mind this spring, it ought to be; this is the perfect time of year to replace your older boiler or furnace with a new high-efficiency model. The energy experts at Albert Culver Company are dedicated to helping you with all your heating system equipment, and we're happy to provide free consultations and estimates.

WHAT ARE THE BENEFITS OF UPGRADING YOUR HEATING SYSTEM?

When you upgrade to new, high-efficiency heating oil equipment, you're not just improving your home's comfort levels. Investing in a high-efficiency oil boiler or furnace will deliver significant benefits for years to come, such as:

- Savings on annual heating costs
- Extended equipment lifespan
- Improved operating efficiency and safety
- Lower emissions
- Reduced risk of mid-season breakdowns
- Increased home value
- And more!

INVEST IN AN ADVANCED SOLUTION FOR OIL HEATING

At Albert Culver Company, we specialize in installing the Energy Kinetics® System 2000® – an advanced solution for oil heating that we strongly endorse for its extremely quiet operation, low emissions, and highly efficient configuration. System 2000 will deliver competitive energy efficiency with home warming comfort throughout the winter while helping to keep your energy bills more affordable and your wallet fuller.

KEEP COOL THIS SUMMER WITH A DUCTLESS MINI-SPLIT AIR CONDITIONER INSTALLATION

Making sure your home is comfortable over the hot summer months has never been easier with a ductless mini-split A/C system installed by Albert Culver Company. A ductless mini-split A/C system consists of an outdoor unit and one or more indoor units. Easy to install, energy efficient, and affordable, ductless mini-split A/Cs can also work as a supplemental heating source in the winter. We're proud to offer free consultations and estimates on ductless mini-split installations.

BENEFITS OF DUCTLESS MINI-SPLIT A/C SYSTEMS

If your existing A/C system is more than 15 years old, a new ductless mini-split A/C can greatly improve your home comfort. Other benefits of installing a ductless mini-split A/C include:

- Zoned cooling gives you control over your energy costs
- Easy installation with no required existing ductwork
- Some systems can double as a heating source in winter
- Improved indoor air quality with newer equipment

GET IN TOUCH TO SCHEDULE YOUR FREE CONSULTATION

Want to learn more about a quick and easy ductless mini-split A/C installation? Our team can't wait to assist you.
