A QUARTERLY NEWSLETTER FOR OUR VALUABLE CUSTOMERS
FALL 2023

WE ACCEPT:

HAVE YOU HEARD ABOUT THE MA CLEAN HEAT STANDARD?

WE DIDN'T THINK SO!

Here's what your MA state government plans to do:

- Remove low carbon Bioheat® fuel from the Clean Energy solution.
- Tax your Bioheat® fuel, propane, and natural gas bills, by a lot! But they aren't calling it a tax.
- Their goal is to remove all reliable furnaces and boilers with unreliable heat pumps.
- Take away your right to choose how you heat your own home.

Want to keep your energy choice? Contact your Massachusetts state representatives today to tell them you oppose the Clean Heat Standard and that you want Bioheat® fuel to be part of the Clean Energy solution!
