WE ACCEPT:    

Ingredients

- 2 9" pie crusts
- 7 large Granny Smith apples (peeled, cored, and sliced)
- 1/2 cup granulated sugar
- 1/2 cup light brown sugar (loosely packed)
- 2 tablespoons all-purpose flour
- 1 teaspoon ground cinnamon
- 1/8 teaspoon ground nutmeg
- 1 tablespoon lemon juice (plus the zest of half of a lemon)
- 1 large egg (lightly beaten in a small bowl for egg wash)
- 2 tablespoons sanding sugar (optional)

AN EASY & DELICIOUS APPLE PIE

Directions

1. Chill pie crusts for 1 hour. Place oven rack in center position and preheat to 400°F.
2. In a large bowl, combine apple slices, granulated sugar, light brown sugar, cinnamon, nutmeg, lemon juice, and lemon zest until fully coated.
3. Remove pie crusts from refrigerator and let rest for 5-10 minutes. On a lightly floured surface, roll one disc into a 12" circle (1/8" thick). Lay crust into the bottom of a deep-dish pie plate.
4. Spoon in apple filling and discard juices. Roll out second pie crust into disc " thick and lay over apple filling. Trim and crimp edges. Cut 4 slits into the top dough.
5. Brush surface of crust with egg wash and optional sanding sugar. Cover edges with pie shield or tin foil.
6. Bake at 400°F for 25 minutes. Remove pie shield/tin foil. Turn oven down to 375°F and bake for an additional 30-35 minutes or until top is golden brown.
7. Cool at room temperature for at least 3 hours and enjoy!

CULVER'S CORNER

Albert Culver Company

~"Serving You Since 1860"~

A QUARTERLY NEWSLETTER FOR OUR VALUABLE CUSTOMERS
FALL 2025

Dear Valued Customer,

We thank you for allowing Albert Culver to service your home heating needs. Our team is here for you—morning, noon, and night—to help keep your home comfortable and warm.

As we head into the winter season, it's the perfect time to prepare for the colder temperatures. Be sure to check that your fill pipes are clear of snow and debris, replace your furnace filter if needed, and keep a clear path to your fill pipes for our drivers.

It's always a good idea to visually inspect your tank for any signs of rust, damp spots, or uneven footing. If your tank is getting older, especially 30 years or more, it's time for a

professional inspection. Consider scheduling a TankSure® inspection with us.

If you'd like to schedule a tune-up to include your heating system and your tank, simply call our office. Heating service plan customers can set up a tune-up for no extra cost, and non-plan members can schedule an appointment for an affordable fee.

As always, we're here to help you with any heating system or service questions you may have. We wish you all a great holiday season!

Warm regards,

The Albert Culver Team

BUDGET YOUR ENERGY BILLS WITH OUR EASYPAY PLAN

**ENROLL BEFORE
NOVEMBER 15TH**

Albert Culver is pleased to offer a flexible pricing plan to our valued fuel customers. See how we can make budgeting your energy costs easier.

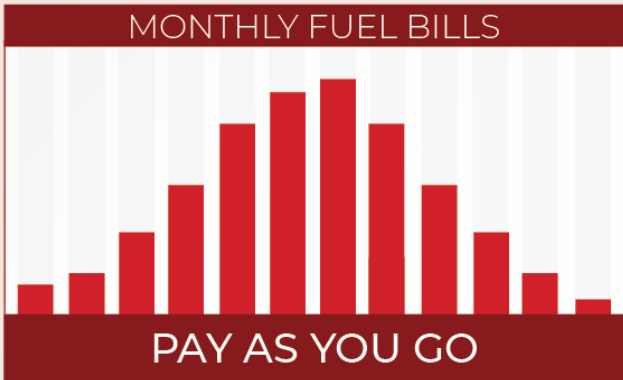

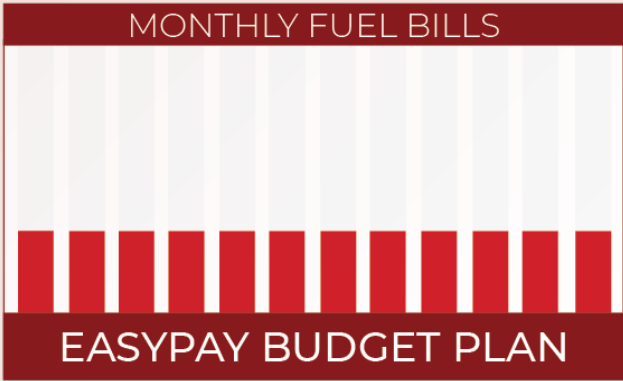

EASYPAY BUDGET PLAN

Our EasyPay Budget Plan works by estimating your total annual heating bill and dividing your payments equally into 12 monthly payments.

We estimate the amount of fuel that your home will use throughout the year based on previous years' usage, predicted weather, and home preferences.

Make your heating oil bills more predictable and convenient this winter—simply set up your account with any major credit card, personal check, or online payment, and we'll take care of the rest!

Get in touch with Albert Culver now to enroll in our EasyPay Budget Plan and enjoy greater convenience with even monthly payments!
