## EASYPAY BUDGET PLAN

Take the stress out of managing your fuel costs with our EasyPay Budget Plan. Instead of facing higher bills during the cold months, this plan spreads your estimated annual heating costs into 12 predictable monthly payments, making budgeting easier year-round.

Enrollment opens in July, and you must sign up by August 31st to participate. With flexible payment options and no enrollment fee, it's a simple way to stay in control of your energy expenses.

## SPRING IS TUNE-UP SEASON!

Spring is the perfect time to schedule your annual A/C and heating system tune-ups. A professional tune-up helps ensure your equipment is running efficiently, safely, and reliably before you need it most.

### Benefits of a Tune-Up:

- Lower energy costs and reduced energy consumption
- Extended equipment lifespan
- Reduced risk of unexpected breakdowns
- Improved indoor air quality

Getting both systems maintenance in the spring means you're ready for the summer heat and the cold months ahead. If you haven't scheduled your tune-up yet, now's the best time to get on the books and avoid the seasonal appointment rush.
